## Product image:

Humidifier: The product is a humidifier or contains a humidifier. The humidifying effect is achieved through a granulate (sodium polyacrylate). This substance can absorb and release water. Accordingly, the granulate should not be inhaled or swallowed, especially in its dry state, or come into contact with sensitive skin areas such as the eyes, as it would absorb moisture.

The substance is biodegradable and can be composted. Keep out of the reach of children.

Although this product is not subject to labeling requirements, we recommend following the safety advice.

Safety instructions:

Keep out of reach of children

Caution: Sharp, risk of cutting. Intended use: Cutting tool.

Do not insert body parts into the cutting mechanism or the cutting edges.
